If you wish speed, beauty, size and substance, breed to the fine Electioneer-Mambrino Patchen Stallion,

KENTUCKY CHIMES 39071,

Blood bay, 16 hands high, 5 years old.

Sired by Chimes 5348, the best son of Electioneer and Beautiful Bells, and the world's greatest sire of extreme speed.

1st dam Queenie King, dam of The Queen 2:19½, King Chimes 2:10½, etc. Sired by Mambrino King 1279.

Kentucky Chimes is a brother in blood to The Abbott 2:03½, shadow Chimes 2:05, The Monk 2:05½, Dandy Chimes 2:07½, Council Chimes 2:07½, Chime Bells 2:09½, Ed Easton 2:09½, etc. Also Dare Devil 2:09, the stallion Mr. Lawson paid \$50,000 for.

Kentucky Chimes is a horse of great beauty, speed, style, size and substance; a sensational high actor, and will sire high-class coach horses as well as trotters. It is a well-known fact that the Chimes-Mambrino King family of trotters have produced more 2:10 and 2:15 performers, also more champions on the race track and in the show ring, than any other family known to the trotting horse world; almost every world's record has been held at one time by members of this family, and to-day more world's records are held by them than any other trotting family.

Kentucky Chimes is the handsomest.

Forest Denmark 153.

This noted sire will make the season of 1908 at my home, on the Harrod's creek pike, 8 miles from Paris and 4 miles from North Middletown, at

\$20 to Insure a Living Colt.

DESCRIPTION.—Forest Denmark is a solid bay, 16 hands high, has great natural style; carries head and tail high, and is not second to any stallion in Kentucky as a getter of high-priced saddle and harness horses.

He has always been at the head of the stud at Woodford's Stock Farm, Mt. Sterling, Kentucky. I was able to get him from the fact that my father's brood mares are nearly all by him.

Forest Denmark is the sire of the Chancellor that won sixteen blue tie, in 1906, also his mate The Cardinal, which team won, single and double, thirty-eight blue ties in 1907. He has sired three other geldings which sold at an average price of \$2,821.

The breeders of Bourbon county have never had, and probably never will have again, the opportunity to breed to the equal of Forest Denmark at \$20.

TERMS.—Money due as soon as colts comes, mare parted with or bred to another horse. Mares from a distance grazed at \$3 a month. Every precaution will be taken to prevent accidents or escapes, but will not be responsible for those that occur.

WIGGINS

No. 33907

Two-year-old Record 2:19½—Brown Horse, 15.3—A Colt Trotter and Sire of Colt Trotters.

SEASON 1908

The RIDGE STOCK FARM.

Fee \$50 The Season

To Insure a Mare in Foal.

Sam'l Clay,
Paris, - - - Kentucky.

WIGGINS is a horse of attractive conformation, 15.3 hands high, full of quality, and with fine feet and legs. In disposition and manners he is perfect. His colts are uniformly good colors and inherit his bold, frictionless way of going. They are generally pure gaited and trot with light shoes and few boots. WIGGINS himself wore a 7-ounce shoe with no boots in front. He was foaled a trotter, and as a yearling trotted a mile over a three-quarter mile track in 2:33½. He took his record when two years old and won five straight stake races and \$4,600 that season. Douglas Thomas, his trainer, says he could have trotted a mile over a good track in 2:12. His colts not only trot fast young, but sell for high prices. He was himself a bold finisher and his colts are like him in this respect. For an out-cross for in-bred mares you can't do better than to breed to WIGGINS, though he ticks well with mares of any breeding. No other stallion at the same age ever had three two-year-olds to beat 2:18 trotting in one year. No other stallion ever had seven trotters in 22.0 list at ten years.

LIVE STOCK AND CROP NOTES

—Clay Gaitskill lost six fine sheep by drowning in the high waters of Strobe's creek, which was higher than ever know before.

—Deniers report the heaviest sales in years of onion sets. Fortunately the sets of this necessity, both for winter and summer use, is cheap, the red variety selling at 10 cents per quart, and the white at 12½ cents.

—Missouri marketed 107,155,658 dozens of eggs last year, for which was received more than \$16,000,000. Added to this are the items of live and dressed poultry and feathers, making the comfortable sum of \$40,000,000 for poultry products of the last year.

—One of the circular brood barns, housing 42 mares and 11 foals, at J. B. Haggin's Elmdorf Farm, was destroyed by fire. The loss is a heavy one. The barn alone was valued at \$6,000. The origin of the fire has not been discovered as yet, but it was undoubtedly by an incendiary.

—Several large crops of tobacco were received at the warehouses and sold on the Lexington market Friday. The prices were even larger than usual, and there was a strong demand for all offerings. The prices ranged from \$9 to \$19. Forty thousand pounds was about the amount of the offerings.

—Reports from various sections of the county are to the effect that the fruit crop has suffered considerably from the heavy freeze of last week. The peach, plum and apple crops are those that have suffered the most, as the recent warm weather produced blossom in abundance, and which were at the point of dropping off. While considerable damage was done by the freeze, yet the crops were not, by any means, all killed.

—Allie Jones, of North Middletown, Ky., has just shipped to Allen S. Edelen, of Burgin, the three-year-old chestnut stallion, Bohemian King, that Messrs. Wooldridge and Edelen purchased at the State Fair last year for the record price of \$3,000. Bohemian King will make a short season at Glenwood Stock Farm, at Burgin, after which he returns to Mr. Jones, who will continue his education, and at the present writing it looks as if he will be equally as sensational as in his two-year-old form.

Immense Leaves of Inaj Palm.

The biggest leaves in the world are those of the Inaj palm, which grows on the banks of the Amazon. They reach a length of 30 to 50 feet, and are from 10 to 12 feet in breadth.

Congressman Held Over.

Representative Heflin, of Alabama, after a plea of not guilty, gave bond for \$3,000 in Police Court in Washington for his appearance for trial on two charges of assault with a dangerous weapon.

Reborn to Renew Suits.

Painstaking and detailed suits against the Burley Society for valuation on \$30,000,000 back taxes were outlined by State Revenue Agent M. P. Rehorn at Lexington, Friday. He lost the suit for that amount against the society as a whole at Winchester a few days ago.

Rehorn says that he will prosecute the actions against the Boards of Control in every county in the white burley district and that he will force each board to bring its books into court. Judge Evans at Winchester refused to order this.

Rehorn begins his suits in Fayette April 13, and he says that he will summon Secretary K. D. Clark and President C. C. Patrick, of the Fayette Burley Society.

"Speakin' oi Love—"

"Speakin' oi Love," said Mr. Sanders, although no one had spoken of it—not even the pretty young stenographer, who scorns to deny that she knows something of the feeling, and who is always ready, if approached in the right spirit, to show a cherished photograph of a very young man with his hair parted in the middle and plastered down on each side—"why in the Nation does it come on in spring? Aint it jest as good for cold weather? Does the fust frost kill it? An', ef so, why don't somebody patent a flannel lined box that'll keep it whilst the big freezes is a-gwine on? That's what pesters me. Ef it's the most precious thing that the world knows anything about, why don't we have speshually contrived no-houses for it, so's we kin take it out on pleasant day's an' see ef it's swivelled er swunk sence the last time we handled it. I aint 'speakin' for myself, the Lord knows! I've seed an' hearn too much 'endurin' the last fifty year or so to be bothered much. It's the youngsters I'm a thinkin' of I want 'em fer to feel good when the sap aint arisin' in the sweetgum trees; I want to see 'em settin' in front of a big hickory-wood fire, roastin' taters, parchin' gubbers, an' holdin' hands when the old folks is lookin' t'other way. Accordin' to my way of thinkin', winter is the time for reel true love. Anything that can't stand frost an' a freeze or two is a mighty puny weed. Maybe that's the reason thar's so many grass-widders in the country—an' then, ag'in, maybe not. You never kin tell what kinder chicken is gwine fer to be hatched from the egg that's found in the hay loft."—Joel Chandler Harris in Uncle Remus's Magazine for April.

A Blow to Frankfort.

The loss of the Kentucky Distillers and Warehouse headquarters will prove serious blow to Frankfort, and one from which she will not recover soon. It means a reduction of about \$5,000 a month in the pay roll formerly drawn in that city and expended among Frankfort merchants. Strong efforts were made by the Frankfort Business Men's Club to induce the management to retain the headquarters there, but without avail. The whole establishment goes to Louisville, or rather has gone. We are sorry for this, as we hate to see the Kentucky Capital depopulated so suddenly. Forty families make up the exodus.
